# Workshop details

- This class teaches the basics of silver clay. This intensive class introduces students to working with Art Clay in three forms: **Clay, Paste and Syringe**. In this workshop, students begin to master working with Art Clay as they learn how to set up work space, **texturise ,cut ,mould and extrude** clay, re-hydrate dry material, and safely use a butane torch to fire creations made at home. In the process, they learn about working with silver clay in various stages, and both kiln and torch firing techniques. The class covers various finishing methods including **wire brushing, buffing and burnishing**. In this workshop, students **create two original pendants , and a pair of earrings** using Art Clay in Clay form. It opens new horizons of creative expression and a new world of learning and evolving all along. It is desirable to sign up for this class if one wishes to continue exploring the creative potential of Art clay by means of attending further workshops and classes anywhere in the world, as this will form the base of all further explorations in working with precious metal clay. This class, however, is essential requirement for anybody desiring to undertake the Art Clay certification course in due time.
